Accident Insurance

Cash When an Accident Sidelines You

Accidents happen, but your finances don't have to take a hit. If you get hurt, this plan gives you cash that could help with expenses not covered by health insurance, so you can focus on getting better instead of worrying about bills.

When serious health problems happen, you need to focus on getting better, not worrying about money.

Accident insurance can give you a lump sum of money if you or a member of your family gets hurt. You can use this money however you need—whether for hospital stays or other treatments related to accidents, medical bills, rent, or daily expenses. Your coverage starts protecting you as soon as you enroll.**

*Coverage begins at 11:59 pm the date the application is signed.

**In AK & ND: Coverage begins 12:01 a.m. on the date following the enrollment date.

Accident insurance will help when the unexpected happens to you or your family members, so you can pay bills like:

- ✓ Out-of-pocket costs for medical appointments
- ✓ Ambulance rides
- ✓ Emergency room visits
- ✓ Recuperation needs like physical therapy
- ✓ Urgent dental work
